**Subject:** FW: Request for nominations for EPA on-site PCE or FCE inspections

Please prepare a list of nominations from the current FCE schedules. The new Compliance Program Manager will get to deal with EPA.

*Jim Plosay*  
Manager, Air Permits Program  
(Acting) Manager, Air Compliance Program

**Subject:** Request for nominations for EPA on-site PCE or FCE inspections

**Nominations are due no later than Wednesday, September 26, 2018.**

The purpose of this message is to solicit ideas for EPA on-site partial or full compliance evaluations at major stationary sources and SM80s in Alaska.

As part of our planning for the federal fiscal year FY2019 (October 1, 2018 through September 30, 2019), EPA is identifying where to conduct on-site evaluations using Region 10 staff. An evaluation could be a partial compliance evaluation targeted for a particular issue or an FCE. **Ex. 7(A) / Ex. 7(E)**

**Ex. 7(A) / Ex. 7(E)**

If you do have a nomination, please describe why you are nominating the facility (please be as specific as possible and give any background information that would help us understand the issues) and what you hope the outcome will be as a result of EPA's participation so that we can evaluate all nominations and staff the effort appropriately.

If you have any questions, feel free to give me a call to discuss.

Sincerely,

John Pavitt, Air Compliance Inspector

Air Enforcement and Data Management Unit

U.S. EPA Region 10
